Dear Sir/Madam,

TOSELAND CROSSROADS ROAD SAFETY IMPROVEMENTS

Cambridgeshire Highways will be carrying out road safety improvements at the Toseland Crossroads, from Monday 7th November to Tuesday 8th November 2022. Works will consist of improvements to road markings.

To allow work to be completed safely and efficiently we will require road closures to all traffic between the hours of 09:30 and 15:30 each day. The work will be split into two sections, as detailed below:

Section 1: Graveley Road (northern arm of Toseland Crossroads)
Section 2: Croxton Road (southern arm of Toseland Crossroads)

There will be a signed diversion route in place for traffic to follow for both sections.

Access will be maintained for properties and businesses within the works area, however some delays may occur as you may be required to follow the diversion to enter the site at the other end, depending on where works are taking place. Traffic management operatives will be on site to assist you. The signed diversion routes are also shown overleaf.

Please note that due to the nature of our work there will be some noisier activities such as removing the existing road markings prior to laying the new ones. This is unfortunately unavoidable; however, we will endeavour to complete all such activities as early as possible to minimise disruption to residents.

As with all schemes involving road marking renewal, the timings and dates are weather dependent and can change at short notice.

Thank you in advance for your co-operation and understanding.

Yours sincerely

Road Safety Team
