Grant Making Policy

The Parish Council has powers to award grants to local community organisations and charities¹. This includes individual parishioners who are organising projects for the benefit of the whole community. Awards are at the discretion of the council.

Each application will be considered on its merit but grants will usually be made only for activities to which all parishioners are invited. No commitment to award grants for events in future years will be made; a fresh application will be required each year. Grants will not usually be made retrospectively. The funds available are limited and the council will not always fund all the costs; some matched funding may be required.

Eligibility Criteria

- The project must benefit everyone in the community, for example: if it is for children, all the children in Graveley must be invited.
- Applications must be from individual parishioners living in Graveley Parish.
- Applicants must have a bank or building society account into which the grant can be deposited.

The Parish Council will NOT award grants to:-

- Commercial organisations,
- Purposes for which there is a statutory duty upon other local or central government departments to fund,
- Local groups where funds raised are sent to a central HQ for redistribution,
- Political parties,
- Religious organisations unless the project is open to everyone in the parish.

¹ Depending on the grant's purpose, the power is given either in legislation or under Section 137 of the Local Government Act 1972. Section 137 allows the Parish Council to spend a limited amount on activities it is not otherwise empowered to do, but which it considers to be in the interests of Graveley Parish or its inhabitants. The section 137 limits what the Parish Council can spend to an amount per registered elector and is reviewed annually by central government. A total figure for available s137 grants is agreed by the Council in their budget for each financial year.
