Highways

High Street Resurfacing

The road markings have now been painted and the job finished. We have no date for resurfacing the rest of the High Street.

Surface Water Running into Winrowe Barn

Remedial works, following the gully repairs before Christmas, have yet to be completed.

Safety Mirrors on the Blind Bend

The safety team have provided a written response, declining to take any action. Their reasoning is that there is enough time for vehicles to slow down before taking the bend and there is no history of any collision or near miss. Incidentally, their expected speed for taking the band is between 14.2 and 15.1 mph.

Weight Vehicle Limit

Nothing more has been heard from Nigel Smith, after I requested a formal statement from the safety team but I guess their reasoning will be the same as above.

Verge Maintenance

The Clerk is still waiting for clarification about how much the county council will give us towards the costs of cutting our verges.

Annual Parish Meeting

Nigel Smith has kindly agreed to speak at the meeting.
